ABC Vending Corp .- Extends Los Angeles Contract-

This corporation has extended its contract with the Los Angeles Coliseum for three years from April 1, 1988, the period including the tenancy of the National League Dodgers for their home games during the coming baseball seasons.

On Feb. 1, 1958, Loew's Theatres contracted with ABC Vending for refreshment service in over 90 first-run houses catering to audiences of around 60 million people annually throughout the United States. On Oct. 1, 1957, ABC Vending acquired some 30 subsidiaries from Confection Cabinet Corp., operating a nationwide network of stands and vending machines in motion picture theatres and drive-in arenas for the most part in territories refreshments.

the most part in territories not previously served by the ABC distribution center tion conters.

Charles L. O'Reilly, Chairman, estimates that 1958 sales will be "well over \$70,000,000" and earnings for the current year should be "around \$2.00 a share." An increase of almost \$20,000,000 in sales is indicated for 1958.—V. 186, p. 1949.

Adams Engineering Co., Inc. (Fla.)-Registers Financing and Secondary Offering Proposals With SEC-

This company on April 1 filed a registration statement with the SEC covering \$2,000,000 of 642% convertible sinking fund debentures, due 1968, and 250,000 outstanding shares of its class A common stock (10 cents bar). The securities are to be offered for public sale through an underwriting group headed by Cruttenden, Podesta & Co. The public offering prices and underwriting terms are to be supplied by amendment. amendment.

amendment.

The company will receive none of the proceeds of the sale of the common shares, to be offered for sale by the present holders thereof. Net proceeds to the company from its sale of the debentures, estimated at \$1.760.000 are to be used as follows: \$445,000 to retire indebtedness due on the first mortgage on the company's plant and equipment, \$59,414.89 due Charles Silvers, President, for past due salary, and \$85,481.23 due to trustees for the children of Charles Silvers as accumulated and past due interest on 6% promissory notes due July 1, 1963; approximately \$236,000 for the construction of a second floor in the Miami plant to be used for warchousing, a new anodizing plant, and additional heat treating equipment; and the balance of \$1.079,000 for general corporate purposes, including the carrying of inventories and accounts receivable, payment of indebtedness, and general working capital requirements. This balance will permit the company to liquidate within 60 days short-term borrowings, secured by assignment of accounts receivable.

within 60 days short-term borrowings, secured by assignment or accounts receivable.

The selling stockholders are Charles Silvers, Sylvia Silvers, and the trustees for four members of the Silvers family, who propose to sell 250,000 of their present holdings of 158,677 shares. The selling stockholders also own 799,000 class B common shares, but have agreed to contribute 249,000 class B shares to the company for cancellation. The company and its subsidiaries manufacture ABC aluminum jalousie windows and doors, awning windows, sliding glass doors and similar products.—V. 181, p. 2353.

Adams Express Co.—Asset Value Higher—

The company announced on April 2 that the net asset value of its common stock at March 31, 1958, is estimated at \$25.18 per share. At Dec. 31, 1957, net asset value amounted to \$23.51 per share. —V. 187, p. 1309.

Air Reduction Co., Inc.—Partial Redemption-

The corporation will redeem on June 5, next, 1.889 shares of its convertible preferred stock, series of 1951, at \$101.125 per share. V. 187, p. 41.

Air-Shields, Inc .- Stock Offered -- W. H. Newbold's Son & Co., Philadelphia, Pa., on March 25 offered 4,650 shares of common stock (par \$1) at \$21.50 per share. This is the first offering of the securities of the company to the general public.

PROCEEDS The net proceeds will go the Estate of Virginia C.

Newbold.

BUSINESS—The company, which has its plant and offices located at 330 Jacksonville Road, Hatboro, Pa., was incorporated in Delaware on Feb. 17, 1938, as the Hahn Spark Plug Corp., and continued under this name until Sept. 25, 1940, when its certificate of incorporation was amended to change its name to Air-Shields, Inc. Since 1947, the company has concentrated its efforts on the manufactive and sale of specialized medical equipment for hospital use. The company's products are sold by its own salesmen in the United States and by distributors in many parts of the world. It also has a Canadian subsidiary, Air-Shields (Canada) Ltd., incorporated Dec. 25, 1956, which sell the company's products in eastern Canada.

CAPITALIZATION—The authorized capital stock of the company consists of 150,000 shares of common stock (par \$1), of which 41,604 shares were issued and outstanding as of Feb. 10, 1958. On Jan. 17, 1958, a stock dividend was declared, which had the effect of a three-for-one split and which increased the outstanding shares from 13,866 shares to the present number. In connection with this stock dividend, only \$1 per share for each of the new shares issued, was transferred from capital surplus to capital stock. On Feb. 7, 1958, the stockholders approved the increase of the authorized number of shares from 50,000 to the now authorized number of 150,000.—V. 187, p. 1201.

92 cents per American share, to be paid out of 1957 earnings, will be proposed for approval at the annual meeting of shareholders to be held this Spring. As an interim dividend of 4%, equal to 53 cents per American share, has already been paid, the over-all total dividend from 1957 earnings will be 11%, equal to about \$1.45 per American share. Last year at this time a final dividend of 8% of the par value of each ordinary share, equal to \$1.04 per American share, was announced. Previously an interim dividend of the same amount as in 1957, to make the total dividend paid from 1956 earnings 12% of par value, or \$1.56 per American share, was paid.

Details concerning the time and exact amount of payment to American shareholders will be announced later by The Chase Manhattan Bank, depositary for the American shares.—V. 183, p. 1957.

Earnings were lower than in the prior year due to the restricted return from the ABC Division for the first nine months of the year coupled with the decline in the motion picture theatre industry in the fourth quarter, Leonard H. Goldenson, President, said.

The gross income peak in 1957 was largely due to the increase in ABC television volume which, in turn, reflected the improved and enlarged television programming structure.

At the year end, the company operated 537 theatres, against 573 at the end of 1956.

at the end of 1956. The company has maintained a strong financial position. Working capital increased to \$45,848,000 in 1957 from \$41,200,000.—V. 187,

American Discount Co. of Georgia-Partial Redempt'n The company has called for redemption on May 1, next, \$31,000 of its 5.90% capital debentures, series 1953, due May 1, 1973, at 100%, plus accrued interest. Payment will be made at the American Commercial Bank, 204 South Tryon St., Charlotte, N. C.—V. 137, p. 41.

American Electronics, Inc.—Securities Offered—Public offering was made on April 3 of \$3,500,000 of 51/4% convertible subordinated debentures due April 1, 1973 and 80,000 shares of common stock (par \$1) through an underwriting group headed by Dean Witter & Co. The debentures were priced at 100% plus accrued interest,

and the common stock at \$14 per share.

The debentures are convertible into common stock at \$15.40 per share through March 31, 1963, and at higher prices thereafter.

PROCEEDS-Net proceeds from the sale of the securities will be used to pay off bank loans and to add to the company's general working capital.

BUSINESS—Products manufactured by the company include electronic sub-systems and components for guided missiles, fire control systems, electronic data handling and computing machines, magnetic recording equipment, actuators, and miniature high frequency drive motors.

Principal offices of the company are located in Los Angeles. and facilities are located in Fullerton, Los Angeles, Culver City, El Monte, Compton, Calif., and in Brooklyn, N. Y., Bayonne, N. J., and Norwood, Mass.—V. 187, p. 1201.

American Encaustic Tiling Co., Inc.—Earnings Up—
Malcolm A. Schweiker, President, on March 26 announced that this
company will spend "about \$1,000,000 in capital expansion this year."
Mr. Schweiker also reported that sales for the first three months of
1958 will be about 20% ahead of the same period in 1957, and "profits
will be up in the same proportion."
He emphasized, however, that he was "not predicting that sales and
carnings for all of 1958 will be 20% ahead of 1957," although "we are
off to a good start and first half results should be satisfactory."
Right now, he said, "we are operating at about capacity and orders
are coming in at about our capacity rate."
Mr. Schweiker added that about \$250,000 of the proposed expenditures
for this year will be spent at American's property in Newfoundland to
enlarge facilities for the production and shipment of pyrophyllite, an
essential ingredient of American's ceramic tile. The balance of the
money, he stated, is now being spent at the company's plant at Lansdale, Pa., for increasing raw material storage and pyrophyllite ore
processing capacity.

ocessing capacity.

All of these projects Mr. Schweiker explained, will be financed from

retained earnings. He declared that American is not actively seeking to merge with any company and that no negotiations of any kind are in progress

American Export Lines, Inc.—Earnings Show Gain— The corporation on March 19 reported 1967 net income of \$8,868,000 \$7.39 per share. This compares with 1966 net income of \$8,677,000. or \$7.23 per share.

After special credit adjustments related to earnings of prior years and the cumulative character of subsidy recapture, the comparative per share figures amount to \$8.09 for 1957 against \$9.53 for 1956.

Federal income taxes are not provided for because the total sums are to be deposited in the company's statutory reserve accounts for new ship construction or acquisition on the tax deferred basis which grew out of the Merchant Marine Act of 1936.

grew out of the Merchant Marine Act of 1936.

Substantial subsidy recapture provision has been made for both 1956 and 1957, in accordance with the same Federal law governing all subsidized shipping operations.

Gross transportation revenues in 1957 were the highest in the history of the company. They exceeded \$76,000,000, an increase over the preceding year of \$7,000,000.

Vessel operating costs increased approximately \$4,700,000 and cargo and terminal expenses increased about \$1,300,000 over 1956. The increased cost of vessel operations was partially offset, however, by an increase in operating subsidy applicable thereto of about \$1,700,000.

The report shows a ratio of current assets to current liabilities of approximately 2.2 to 1 as of Dec. 31, 1957.

Contracts were signed in February, 1958 for four new fast freighters as a part of the company's fleet replacement program. Their construction probably will be contracted during 1958.—V. 187, p. 877.

Best & Co, Inc. - Defeat of Stock Distribution Plan

The Bankers Securities Corp. on March 31 asked stockholders of Best & Co. Inc., to deleat a management plan to distribute Best & Co. stock to certain of its officers and employees without charge. The Bankers Securities Corp., which holds 17,500 shares out of 600,000 shares outstanding, is the largest stockholder of the company. In a request for proxies sent to all Best & Co. stockholders on March 31, Gustave G. Amsterdam, President of Bankers, stated that the plan proposed by Best's directors amounted to a "blank check" and asserted that it was "exceedingly unfair and hazardous to stockholders." He pointed out that under the management program, labeled as a "deferred contingent compensation plan," directors, who are officers of the company as well, without limitation may allocate stock to themselves without charge.

No effort is being made to elect directors in opposition to the five nominees proposed by the Best & Co. management, it was stated.

The five directors now own only 2,050 shares of the company's stock, according to Mr. Amsterdam. Three directors are also officers of the company and a fourth is Counsel for the company.

The annual meeting is scheduled for April 8.

the year ended Dec. 31, 1957, compared with net sales of \$84,707,000 for the preceding year.

Net profit for 1957 was \$361,000, equal after preferred dividends to 21 cents per share on \$92,631 shares of common stock outstanding. Net profit for 1956 was \$2,764,000, which was equal to \$2.64 per shate on the same number of shares.

Sales for the fourth quarter of 1957 were \$18,975,000, compared with sales of \$23,431,000 for the same period of the preceding year. The company reported a loss of \$373,000 in the final quarter of 1957. For the comparable period of 1956, the profit was \$885,000.

Lowell P. Weicker, President, said that sales and profits for 1957 were adversely affected by a decline in the national economy, by extraordinary costs related to the transfer of certain major operations to new southern plants, and by abnormally extensive changes in the product line to strengthen its competitive position. He said that manufacturing costs at the company's new southern plants are running substantially lower than those for similar operations at Thompsonville, Conn., but these cost advantages will not be reflected in

manufacturing costs at the company's new southern plants are running substantially lower than those for similar operations at Thompsonville, Conn., but these cost advantages will not be reflected in income until Jan. 1, 1959.

Mr. Weicker said that, effective March 28, Bigelow-Sanford is discontinuing its remaining yarn and veivet carpet manufacturing at Thompsonville, Conn., and will use its scuthern plants entirely for these operations. He said the company plans to sell its Thompsonville land and buildings and lease back for a limited period of years those areas required for Wilton and Axminster operations. By

end of this year, more than 90% of manufacturing operations in the company's carpet division will be conducted at southern locations, he said

Weicker reported that the company's new velvet carnet plant at Landrum, S. C., and its new integrated yarn mill at Calhoun Fails, S. C., are scheduled to reach normal operations this year. Bowser, Inc.—Proxy Contest—

The annual meeting of stockholders will take place April 29, 1953.

Last week, by direct solicitation of the owners of Bowser common and preferred stock, Penick & McClure, Inc. will attempt to secure enough proxies to affect a change in management. This investment firm, representing holders in excess of 200,000 shares of Bowser common and 53,000 shares of Bowser preferred, is basing its action on Bowser's 10-year period of poor earnings; on the present management's persistence in retaining unprofitable properties (subsidiaries).

On the fact that dividend arrearages on the preferred stock are now in excess of \$10 per share, and primarily on the premise that under present management, Bowser, Inc. stock will continue to be depressed and unremanarative, the following slate of directors has been proposed by the group: Delbert D. Douglas (specialty manufacturer, Dallas, Texas), Charles E. Hall (tax accountant and certified public accountant, Dallas, Texas). Clirton Livingston (investments, Yazoo City, Miss.), Alfred D. Martin (President, A. D. Martin Properties, Dallas, Texas), John A. Nance (builder and developer of Real Estate Properties, Dallas, Texas), and Phillip Reid (President and a director, Irving State Bank, Irving, Texas).—V. 183, p. 2.

Bridgeport & Port Jefferson Steamboat Co. - Stock Offered-This company on March 10 offered to its common stockholders of record Dec. 31, 1957, the right to subscribe on or before March 25, 1958, for 30,000 additional shares of common stock (par \$5) at \$10 per share on the basis of three new shares for each two shares held. This offering was not underwritten.

PROCEEDS—The company proposes to use the proceeds of the sale of the additional common stock for a part of the cost of the construction of a new vessel, additional construction expense on the new terminal in Bridgeport (Conn.) and installation of new loading ramps at each terminal. The company has received tentative bids that lead it to believe that this vessel can be built for approximately \$650,000. Expense on the Bridgeport terminal is estimated to be about \$75,000 and on the Port Jefferson, Long Island, N. Y, terminal about \$25,000. The firm is negotiating with a private institution on a debt basis The firm is negotiating with a private institution on a debt basis for the balance of the cost of the construction of the vessel. No arrangements were made for the return of any funds if all the stock was not sold.

BUSINESS—The company was incorporated in Connecticut on Nov. 13, 1883. Its main office is located at its Bridgeport Terminal at 69 California St., Bridgeport, Conn.

The company has been operating a passenger and vehicle ferry across Long Island Sound between Bridgeport, Conn. and Port Jefferson, N. Y. for 75 years. Currently and for the past several years this service has been operated with a steam ferry with a capacity of 30 automobiles. of 30 automobiles.

of 30 automobiles.

The company is planning to purchase a diesel ferry with a capacity of 42 automobiles and 500 passengers.

The operation of the present vessel has generally been limited to the period from early April to late November. Year-round operation is contemplated with the new vessel. It is hoped that the new diesel ferry will be available for service in May, 1959. The management intends, in order to get started on year-round operation, the present vessel will be operated in 1959 between Jan. 1 and the date on which the new ferry becomes available.

The company owns two terminals, one in Bridgeport, Conn., and one in Port Jefferson, N. Y., and maintains an office at each terminal.

Chicago, Milwaukee, St. Paul & Pacific RR. - Gross Up, Net Off in 1957-

The annual report for 1957, signed by Leo T. Crowley, Chairman of the Board, and William J. Quinn, President, discloses that operating revenues for the year amounted to \$254,027,186, slightly more than the total of \$253,860,566 in 1956.

revenues for the year amounted to \$254,027,186, slightly more than the total of \$253,860,566 in 1956.

Freight revenues increased \$2,749,384, or 1.3%. They were fayorably affected by the increased movement in the first half of the year of products of agriculture, particularly corn, which the Commodity Credit Corporation in its reconcentration movement, shipped from Iowa, Illinois, Indiana and Minnesota to the Southwest for storage, to terminal markets, and for export to make room for new loan grain expected from the fall crops. Early snowfall and frost made corn harvesting difficult with the result that there was considerable high moisture corn, providing a heavier than usual movement to markets at the end of the year.

Passenger revenue decreased \$1,758,318, ov 10.2%; mail revenue increased \$179,079, or 2.1%; express revenue decreased \$548,695, or 13.8%, while all other operating revenues decreased \$544,630, or 3.1%. Operating expenses were \$206,178,811, a decrease of \$2,567,488, or 1.2%, despite the impact of increased wage costs together with higher prices of materials and supplies. If it had not been for increases in wages and in employee fringe benefits, operating expenses would have been about \$10,690,000 less than in 1956. While road and equipment maintenance expenses were reduced, the report declares, the physical property was adequately maintained during the year. Economies realized from increased use of modern machinery in track maintenance, and from increased efficiency in shop procedures contributed to the reductions. The transportation ratio was 39,97% of revenues as compared with 40.02% in 1956. The operating ratio for all expenses was \$1.95% of revenues, the lowest since the year 1950.

Net income for 1957 was \$7,916,348, compared with \$8,485,914 for the year 1956. Earnings per share were \$15.26 on the preferred stock and \$2.51 on the common stock.

During the year, the report declares, gross capital expenditures of \$22,956,266 were made, of which \$7,057,703 was for road property

During the year, the report declares, gross capital expenditures of \$22,956,266 were made, of which \$7,057,703 was for road property improvements and \$15,898,563 for new equipment and improvements to existing equipment.

existing equipment.

Debt reduction during the year 1957 amounted to \$5,225,641. Of this \$3,794,200 was in mortgage bonds and debentures and \$1,431,441 in equipment obligations. During the period from consummation of the road's pian of reorganization on Dec. 1, 1945 to Dec. 31, 1957 mortgage bonds in the amount of \$42,969,700 have been reacquired. This is more than 22% of the original issue. In addition, \$1,200,000 of 5% income debentures have been reacquired. The resulting reduction in annual interest requirements is £1,962,343.

Registers Proposed Offering With SEC—

This trust on March 31 filed a registration statement with the SEC covering 767,836 units of voting trust certificates, each certificate representing the ownership of one share of common stock (one-half cent par) in each of 24 Cuban companies.

The voting trust was organized in 1950—"for the express purpose of assuring continuity of management and stability of policy for the shareholders of the 24 companies." The 24 companies are said to hold approximately 15,417,676 acres under concession rights; and the voting trust is said to have spent on behalf of the 24 companies approximately \$1,550,000 for geological and geophysical work, filing and transfer fees, administration costs, legal and accounting fees and other expenses, of which amount approximately \$331,000 was in units of voting trust certificates accepted for services and property. The voting trust on behalf of the 24 companies also has made Farm-out Agreements with Stanolind oil & Gas Co., Trans-Cuba Oil Co., Cubata American Oil Co. and Sulgraves-Cuban Petroleum Co., by which agreements the said companies receiving the Farm-outs will make a total estimated expenditure of \$21,000,000. There are now issued and outstanding 9,032,162 units of voting trust certificates representing 216,771,888 shares of the stock of the 24 companies. The corporate objectives of the companies are the exploration, acquisition, development and exploitation of mining claims of all kinds and principally oil, gas, naphtha and asphalt.

Proceeds from the sale of the securities will be added to the general funds of the voting trust and will be available for any of its corporate purposes, including capital expenditures and expenditures for exploration activities. It is presently anticipated that for the year 1953 capital expenditures and expenditures for exploration activities will aggregate \$200,000. Of which the voting trust's share is 25%. The prospectus lists Henry E. Linam as one of the 10 voting trustees and Chairman-President.—V. 173, p. 23

Delaware & Hudson Co .- Earnings at Lower Rate-

Delaware & Hudson Co.—Earnings at Lower Rate—
In issuing the annual report to shareowners, Wm. White, President, commenting upon the financial condition of the company, said: "Current assets are 2.61 times current liabilities and cash items alone are well in excess of current liabilities, including in the latter all debt maturing within one year. While per share earnings of \$4.45 in 1957 were lower than the extremely good earnings of \$6.16 in 1956, they were still good. Share earnings have averaged \$4.66 for the last three years and we can look upon them as quite satisfactory."

Mr. White said further: "During the last three years debt has been reduced \$14.090,000 and working capital increased \$3.955,000, while during that period the dividend rate was increased 50% to \$2.00 per share."

Noting that earnings for the first two months of this year-27c per Noting that earnings for the first two months of this year—2rc per share compare unfavorably with the extremely good earnings of 96c per share in the same period last year, stockholders were nevertheless told that the D&H expects to earn in excess of its dividend requirements this year, and Mr. White said: "Our good financial condition assures that our dividend rate will be maintained throughout this year." -V. 180, p. 1432.

Delaware Power & Light Co.-Meeting April 15-

The stockholders on April 15 will consider amending the certificate of incorporation to reflect certain requirements of an order issued by the SEC, in December, 1956, with respect to certain terms and conditions for issuance of 80,000 shares of preferred stock.—V. 187, p. 880.

Diamond T Motor Car Co.-Sale Voted-

Diamond T Motor Car Co.—Sale Voted—
The stockholders on March 28 voted to accept an offer of \$10,119,787 from White Motor Co. for the inventories, tools, fixtures, patents and the goodwill of Diamond T.

Diamond T will continue to operate the real estate and lease it to White, but under a new name—the DTM Corp.
The new corporate name was chosen to avoid confusion with the new Diamond T division of White Motor Co.

J. N. Bauman, President of White, said Diamond T's manufacturing and marketing setup would be undisturbed and that the two makes of trucks would continue to be produced.
The changes are effective as of April 1, 1958.
There are 421,259 Diamond T shares outstanding. Approval of White stockholders was not required.
Z. C. R. Hanson, D'amond T President, will head the new division. He said truck sales had slowed in January and February, in line with generally lower business activity.
For the last two weeks, however, sales had increased more than 50% compared with the sales rate of the previous months, he said.—V. 187, p. 987.

Digit-O-Meter Co., Denver, Colo. - Stock Offering Temporarily Suspended-

The Securities and Exchange Commission, it was announced on March 26, has issued orders temporarily suspending Regulation A exemptions from registration under the Securities Act of 1933 with respect to public offerings of securities by the following:

(a) The Digit-O-Meter Co. in a Regulation A notification, filed June 27, 1955, proposed the public offering of 86,548 common shares at \$1 per share;

alleges that the company's stock was sold to persons to whom an offering circular was not delivered, as required.

Furthermore, the Commission's order charges that the offering of Garner Aluminum stock was made in such manner as to constitute a fraud or deceit upon the purchasers, particularly by reason of oral representations by officers and directors of the company concerning the refunding of investors' money, the volume of stock sales, and the use of the proceeds thereof. Similarly, in the case of Branium Queen, the Commission's order alleges that, because of false and misleading statements of material fact contained in its offering circular, use of the offering circular without appropriate disclosures would operate as a fraud and deceit upon purchasers of the stock. In particular, this order charges that the Uranium Queen offering circular failed to disclose (1) the status of the company's leases, (2) the status of a "working agreement" between Uranium Queen and Abajo Uranium Co.; (3) the status of options granted Abajo Uranium by the management of Uranium Queen to purchase 150,000 shares of Uranium Queen stock held by the management, and (4) the fact that Skyline Securities, Inc., named as underwriter for the offering, has abandoned its office and ceased to do business.—V. 182, p. 212.

Distillers Corp.-Seagrams Ltd.—Earnings Lower—

The consolidated income of this corporation for the six months ended Jan. 31, 1958 and 1957, expressed in U. S. currency, including for the first time in an interim report the earnings of subsidiaries in Canada and the United States not wholly owned, follows:

1958 Profit after all operating charges \$33,613,000 \$41,959,000 Taxes on income 15,850,000 21,350,000

\$17,763,000 \$20,609,000 Due to seasonal variations, the average rate of sales of whiskies in the six months to Jan. 31 customarily exceeds that for the fiscal year. During the six months ended Jan. 31, 1957, the company increased sales prices of its major brands to offset, in part, increased costs. In anticipation of such increase, customers purchased stocks beyond normal requirements, with the result that sales and earnings for the period were disproportionately higher than otherwise would have been the case.—V. 186, p. 2851.

Doeskin Products, Inc.—SEC Agrees to Dismiss Court Action-

Paul Windels, Jr., Administrator of the New York Regional Office of the Securities and Exchange Commission, on April 3 announced that the Commission had agreed to dismiss its pending court action against Doeskin Products, Inc. and Leon Henderson, its President, to require obedience to subpoenas because "Doeskin" produced certain corporate books and records demanded by the Commission in its subpoena after the litigation was commenced.

The application and afridavit filed by the Commission in support of its Order to Show Cause requiring obedience to subpoenas duces tecum issued by the New York Regional Office of the Commission to Leon Henderson, President of Doeskin Products, Inc., and Doeskin, Inc., charged that pursuant to an order of investigation to determine whether the registration and the antifraud provisions of the Securities Act-of 1933-had been violated in the issuance and sale of shares of Swan-Finch Oil Corporation and Doeskin Products, Inc., Doeskin Products, Inc. and its President, Leon-Henderson, were served with subpoenas calling for certain minutes of the board of directors meeting of Doeskin Products, Inc. and bank statements and other material of Doeskin Products, Inc. on the return date of the subpoenas, Leon Henderson appeared but refused to produce the inaterial called for in the subpoenas, stating that the information demanded was not covered by the Commission's order and that he was acting on advice of counsel.

The Commission further charged that the information sought in its subpoenas, was relevant and that refusal of Doeskin Products, Inc. Commission's relevant and that refusal of Doeskin Products, Inc. and Leon Henderson to obey the subpoenas was impeding the Commission's

The Commission further charged that the information sought in its subpoems was relevant and that refusal of Doeskin Products, Inc. and Leon Henderson to obey the subpoems was impeding the Commission's investigation. The affidavit further stated that in September, 1957, Doeskin Products, Inc. Issued 1,070,000 shares of its common stock to Jose M. Capmany, a Cuban citizen, for \$2,140,000 cash consideration. The material demianded by the subpoems included the corporate records concerning this transaction.—V. 187, p. 1313.

Emerson Radio & Phonograph Corp.-New Products-

Emerson Radio & Phonograph Corp.—New Products—
The world's first eight-transistor portable clock radio and America's smallest all-transistor portable radio with self contained speaker were introduced on March 21 by Benjamin Abrams, President.

Simultaneously introduced was a 21-anch 110-degree Tru-Slim Full Power Transformer table model television receiver incorporating advance design features which, Mr. Abrams declared, provides superior performance and long tube life.

"The Emerson 888 "Transtimer," Mr. Abrams said, "combines, for the first time, an eight-transistor radio with the world's first 7-jewel precision battery operated clock. The 7-jewel precision clock will run continuously for three to five years on a single inexpensive battery." The suggested list price is \$88.00.

The Emerson 999 CHAMPION represents an equally important engineering advance. Mr. Abrams stated. It is an all-transistor portable radio, only slightly larger than a pack of cigarettes and will create a brand new market for the sale of pocket radios. This receiver is a precision engineered all-transistor radio with sealed dynamic speaker delivering full power and supert tone. It utilizes a ferriloop antenna for greater sensitivity and selectivity. It has a suggested list price of \$38.00.

First Quarter Disappointing-

First quarter results of this company are "disappointing" compared to last year because of "prolongation of the extreme winter weather and a depressed price structure in certain lines," I. J. Harvey, Jr., Chairman of the Board, stated on March 26.

Mr. Harvey informed shareholders, however, that because of the seasonal nature of certain lines of the company's business the first three months of the year are not typical of Flintkote's full year's operations. He said that the company is still optimistic for total 1958 results 1958 results.

"The progress of various programs being initiated by the Government coupled with a turn to favorable weather will undoubtedly influence the timing of an upswing in new residential construction." Mr. Harvey stated. He added that recent surveys by Flintkote indicate that dealers stocks are low and that a general spirit of optimism exists in the trade for the current year.

"With respect to those areas of the company's husiness where prices have been increased to reflect rising costs, a gratifying increase in demand has been stimulated," Mr. Harvey stated.

Mr. Harvey revealed that the company was initiating plans for the expansion of production at its Kosmos Portland Cement Co. subsidiary which would raise rated annual capacity at the Louisville, Kentucky Kosmos plant from 2,200,000 barrels to 3,200,000 barrels, an increase of 45%. It is not contemplated that any additional new financing will be required this year in connection with this cement production expansion.

The expanded Kosmos production will be required "to meet increasing demands in the present market area" which covers the state of Kentucky, southwestern Obio, southern Indiana and southeasern Illimois. It is anticipated that the cement production expansion will be completed by mid 1959.

General Mills, Inc.-Forms Venezuelan Subsidiary-

This company on March 28 announced plans to extend its production operations into Venezuela. Through a newly-formed subsidiary, General Mills of Venezuela, S. A., the company will control the production as well as distribution of Gold Medal and other well-known brands of flour in the South American country.

In announcing the move, D. A. Stevens, Vice-President of General Mills and General Manager of its Flour Division, pointed out that the company, through export operations, has served bakers and consumers in Venezuela for over a half a century.

Mr. Stevens said General Mills of Venezuela has an agreement with Grandes Molinas de Venezuela, S. A., subsidiary of Bunge and Born, prominent South American millers, for the milling of General Mills' brands in a new mill now under construction at Caracas. All flour rold under General Mills labels will be produced under the company's supervision and according to its standards and formulas; wheats will be selected and purchased in North America by General Mills grain experts.

General Mills, Mr. Stevens said, will begin distribution of South American milled flour when the mill at Caracas is completed in September.-V. 187, p. 1432.

Goebel Brewing Co. Sales Up Slightly-

Goebel Brewing Co.—Sales Up Slightly—
Sales total:d \$22,553,469 in 1957, compared with \$22,502,131 in 1956, Edwin J. Anderson. President, announced on March 24. After not special credits of \$142,218, there was a profit carried to surplus of \$56,547 in 1957. There was a not loss of \$85,671 before non-recurring frems compared with a similar loss of \$123,541 in 1956. Special charges in 1956 brought the total charge against surplus to \$1,017,883. On the 1,528,663 shares outstanding there was a total loss after preferred dividends equal to 3.9 cents per share in 1957, compared with a total loss of 74.5 cents per share in 1956.

The bulk of the special charge in 1956 was in connection with costs incurred to maintain and including the loss sustained by the sale of the company's California plant, which was sold at the end of 1956, according to Mr. Anderson. Approximately \$400,000 was charged to loss on the Guingess contract cancelled. In 1957, idle plant charges were reduced by more than \$400,000. Also, a lump sum settlement of liabilities incurred in connection with the Guinness contract termination resulted in a net credit of \$302,920.—V. 185, p. 1836.

(B. F.) Goodrich Co.-Special Offering-A special offering of 24,000 shares of common stock (par \$10) was made on April 2 by Shields & Co. at \$59.50 per share, with a dealer's concession of \$1.20 per share. Grumman Aircraft Engineering Corp. — Announces First-Flight of Production WF-2 Tracer-

This corporation has announced the successful first-flight of the first production model of its WF-2 Tracer, a "saucer-topped" early-warning airplane designed for Navy carrier operations.

A prototype version of the Tracer received widespread publicity when it recorded its first-flight approximately a year ago, the airplane's huge radome putting the WF-2 into a category of "strange-looking flying machines."

The Tracer, in production under an "over \$40,000,000" contract awarded Grumman by the Navy late last year, is a modification of the corporation's S2F Tracker and TF-1 Trader. Both airplanes are in extensive service with Navy fleet units as anti-submarine and cargopassenger aircraft.

The airplane's huge radome, largest yet designed for a carrier-

passenger aircraft.

The airplane's huge radome, largest yet designed for a carrier-based airplane, houses long-range detection equipment. The intricate early warning system is in production for the WF-2 at the Hazeltine Electronics Corp., the firm having worked closely with Grumman intended the design and development. In designing the gradome itself, a basic conflict between aerodynamic and electronic principles was solved only after extensive wind-turnel terting at Grumman.—V. 187, p. 328.

Gurries Manufacturing Co., San Jose, Calif.-Booklet

A new booklet introducing the complete line of Gurries Land Forming Equipment is announced by this company, which is located at 1720 South First St., San Jose, Calif. It shows how planners, levelers and scrapers can boost production and make farming more profitable. The Gurries Field Planer is featured, and its exclusive, accurate planing action is described in detail.

A free copy of this new booklet in either English or Spanish may be obtained by writing direct to the company.—V. 186, p. 1263.

Haile Mines, Inc. - Directors Approve Merger-

William M. Weaver, Jr., President, on March 21 said in part:

"At a recent meeting the directors voted to merge this corporation with Howe Sound Co. The merger agreement will provide for an exchange of 2½ shares of Haile common stock for one share of Howe Sound common stock. It is expected that a stockholders' meeting will be held during the month of May to request approval of the proposed

be held during the month of May to request approval of the proposed merger.

"The formal acquisition of Frank Samuel & Co., Inc. and its affiliated companies was completed Jan. 8, 1958. This was accomplished by an exchange of 356,959 common shares of Haile Mines, Inc., for the total outstanding shares of Frank Samuel. Frank Samuel & Co., Inc., established in 1889, is basically an ore and metal importer with head-quarters in Philadelphia, Pa. Its affiliate, Refractories Corp. of America (now a wholly owned subsidiary of Haile Mines, Inc.) is a profitable producer of chrome cements, plastics and castables primarily used by steel mills and electric power plants.

"On Jab. 1, 1958, Haile acquired National Paint & Manganese Co., Lynchburg, Va., processors of manganese ores for use as coloring agents in the brick and building industry. This is a small but successful concern which over the past 63 years has so well established itself that it handles the major portion of this type business both in the United States and Canada. The company was purchased with cash and it is estimated that Haile's investment will be returned net after taxes in approximately 31 years.

"On Feb. 4, 1958, Haile Mines, Inc., purchased 158,025 shares or approximately 63" of the common stock of Karl Lieberknecht, Inc., for \$2,766,000 from the Office of Alien Property of the U. S. Government. The company has a net worth in excess of \$6,000,000, good working capital position, and no long-term debt. It manufactures full fashioned hosiery knitting machines and owns all the stock of Quaker State Metals Co., producers of aluminum sheeting, coil, and aluminum building supplies.

"Quaker State Metals Co. was organized in 1947 as a fabricator of

building supplies

'Quaker State Metals Co. was organized in 1947 as a fabricator of aluminum products. Its sales were over \$1,000,000 in the first year and have continued to rise substantially. In 1954, the company moved into a new modern plant on a 52-acre site near Lancaster, Pa. It reported a 23' increase in 1957 sales over 1956 although the aluminum

industry as a whole suffered a sales decline of approximately 10%.
"On Feb. 1, Frenk Samuel & Co., Inc., acquired the New York office and business of Nathan Trotter & Co., brokers in non-ferrous metals,

principally tin. It will operate as a division of Frank Samuel basically in the wholesale market.

"Surplus funds of Haile and its subsidiaries have been invested mainly in short-term treasury bills and manicipal and industrial bonds."—V. 187, p. 1433.

Hancock Industries, Inc., Jackson, Mich.—New System

Lower manufacturing costs and greater productive efficiency result from a new system announced on April 2 by Control Systems Co., a division of Hancock Industries, Inc. The new system displays instantly in a central dispatch room what is happening at every machine in the production shop. A long-needed tool for manufacturing industries, the new equipment links every piece of productive machinery by means of electrical wires to a central production monitor room. In the monitor room, op-to-the-nimute production data is provided in visual form for production control personnel. The system climinates the need for time-consuming paperwork at all production supervisory levels.

system climinates the need for time-consuming paperwork at all production supervisory levels.

Wherever parts are mass-produced, the new electromechanical system mained the Hancock Telecontrol, can monitor and control the entire production process, stage by stage, throughout each shift. It tells management at a glance now much is being produced, where, and what it rosts. At the same time, in easily visible form, supervisors may tell what emergencies occur in the plant and require immediate attention, while the system routinely records incoming production data on registers for later use.

Hawaiian Airlines, Ltd. Stock Offered-The company recently offered to its stockholders of record March 14 the right to subscribe on or before April 4 for \$1,000,000 6% convertible subordinated debentures, due April 1, 1973, at par on the basis of \$100 of debentures for each 35 shares of stock held (with an oversubscription privilege). The company also offered \$100,000 of these debentures to its employees and \$150,000 to others. The offerings were not underwritten.

The debentures are convertible until maturity, unless previously redeemed, into capital stock of the company at a conversion price (with debentures taken at their principal amount) of 85 per share subject to adjustment in certain events. They are redeemable at the option of the company on at least 30 days notice at redemption prices ranging from 106% to 100%, plus accrued interest.

PROCEEDS The primary purpose of the offering of the debentures is to linance, in part, the purchase of a four-engine Deuglas DC-6A

Cargo-Passenger type aircraft and spare engines for a total purchase price of \$1,100,000, plus \$400,000 estimated costs of modification of the aircraft, spare parts inventory, training of flight and ground crews and other pre-operating expenses. To supplement this financing, the company has obtained a term bank loan of \$500,000, repayable in quarterly installments over a period of five years commencing Sept. 30, 1958, which is secured by a chattel mortgage on the aircraft.

The aircraft has been delivered to the company and is expected to have been modified and in revenue service by June 1, 1958. Interim financing has been provided by \$1.000,000 of short-term bank loans secured by a chattel mortgage on the aircraft.

If all the debentures are sold, the net proceeds will be used as follows: \$1,000,000 to retire the short-term bank loans and the balance will be used for additional working capital.

Link-Belt Co .- Sales Maintained -- Backlog Off-

An encouraging volume of inquiries has been received by this company in recent months, Robert C. Becherer, President, told stockholders at the annual meeting on March 25. He said that many of the projects represented by the inquiries will be built in the future although firm orders are being deferred until the economy is more stabilized.

although firm orders are being deferred until the economy is more stabilized.

"As the year 1958 has been progressing, the recession level of the economy has been showing irregular patterns in many industries that Link-Belt serves," Mr. Becherer said, "Our sales and incoming business for the first quarter of 1958 probably will equal the last quarter of 1957. The average backlog is running approximately 25% to 30% under a year ago, making the company more dependent upon current business. First quarter earnings probably will be at the lowest for some time. The company's operations are being adjusted to current volume and a flexibility in operations has been established which will enable Link-Belt to move quickly in whatever direction the business volume may turn," Mr. Becherer said.

Mr. Becherer pointed out that Link-Belt had spent 336,340,000 in the last 10 years for new buildings and equipment and expects to spend about \$8,000,000 during 1958. He said that expansion programs can be carried out at a lower cost and more effectively during a period such as the present when some of the pressures of production are reduced.

John F. P. Farrar, of Chicago, has been elected a director of Link-Belt. He is president and a director of Flexonics Corp. of Chicago and also a director of Elgin National Watch Co., Consolidated Naval Stores Co., Greenlee Bros. & Co., and Greenlee Foundries, Inc. He is a trustee and member of executive committee of Illinois Institute of Technology.—V. 136, p. 2051.

Magnavox Co.—Demonstrates Stereo Disc Reproducer

The company on April 2 gave the first demonstration of stereophonic sound in music recorded on phonograph dises, using equipment

The company on April 2 gave the first demonstration of stereophonic sound in music recorded on phonograph dises, using equipment
designed for the home.

Frank Freimann, President, unveiled the industry's first instruments
which play both the new stereophonic dises and conventional records.

Mr. Freimann pointed out that until now the "dramatic realism of
stereophonic sound reproduction could be attained only from dual
track tape reproduced on expensive and complicated tape machines."

Making a direct comparison, he demonstrated that the new dises,
which look just like conventional records and are as easily played,
are at least as good in reproducing quality as tape.

Mr. Freimann revealed "Magnavox's development of a conversion
system permits the addition of speakers and amplifier to any of its
high-fidelity phonographs and radio-phonographs through the use of
a small compling control box and replacement of the old monaural
pickup cartridge with a stereophonic cartridge."

"This technique eliminates the worry of obsolescence for Magnavox
owners and enables them to modernize their present equipment," he
added. Current models are designed so that customers can add the
stereophonic feature any time they choose.

Magnavox expects to have the new stereophonic conversion systems
on demonstration at Magnavox dealers' stores by the first week in
May.—V. 137, p. 1315.

Northern States Power Co. (Minn.) -To Increase Stock The stockholders on May 7 will consider increasing the authorized preferred stock from 1,000,000 to 1,250,000 shares and the authorized common stock from 15,000,000 to 17,500,000 shares.—V. 186, p. 2052.

Northwest Bancorporation—Preferred Stock Offered-This corporation is offering its common stockholders of record March 27, 1958 rights to subscribe at par (\$100 per share) for 106,430 shares of its 4.50% cumulative convertible preferred stock on the basis of one share of preferred stock for each 16 shares of common. The offer which is being underwritten by a group of investment banking firms headed jointly by The First Boston Corp. and Blyth & Co., Inc., will expire at the close of business April 14, 1958.

The new preferred stock is convertible, on the basic of \$100 per preferred share, into common stock at a conversion price of \$75 per share. It is redeemable at the option of the company at prices decreasing from \$105 per share, if redeemed on or prior to June 1, 1961, to \$100 per share, if redeemed after June 1, 1968, plus accrued dividends; the stock is non-refundable at lower cost for five years.

PROCEEDS—Net proceeds of the sale will be added to the general funds of the corporation and will be available, together with other funds, to provide additional capital funds to affiliated banks from time to time and for other purposes. It is presently contemplated that \$7,000,000 of the proceeds will be invested in the capital stocks of efficients. of affiliated banks.

BUSINESS—Corporation holds in the aggregate 95.9%, in net tangible asset value, of the outstanding stock in a group of 76 affiliated banks, which with 23 branches are located in a total of 86 cities and towns in Minnesota, Iowa, Nebraska, South Dakota, North Dakota, Montana and Wisconsin. The affiliated banks had combined deposits of \$1,689,032,487 (before eliminating group interbank deposits of \$59,654,776) and combined capital accounts of \$118,559,542 at Dec. 31, 1957. The largest bank in the group is Northwestern National Bank of Minneapolis which had deposits of \$450,119,072 and capital accounts of \$33,130,832 at Dec. 31, 1957.

EARNINGS—Gross operating earnings of affiliated banks for 1957 amounted to \$68,258,207 and net operating earnings after related income taxes, before deducting minority interests, to \$12,614,000. This compared with gross operating earnings of \$61,593,189 and net operating earnings of \$12,477,000 for 1956.

In 1956 the corporation reported non-recurring profits from the sale of timberland and other capital assets, which increased total profits to \$44,791,000, adding another 44 cents per share.

Dividends in 1957 totaled \$27,238,000, compared to \$26,882,000 in 1956. Total assets of the corporation at the end of 1957 were \$792,316,000, an increase of approximately 20% over assets of \$659,026,000 in 1956. The number of stockholders increased from 53,000 in 1956 to 63,000 in 1957. Non-consolidated sales of overseas subsidiaries and affiliates totaled \$53,300,000 in 1957, compared to sales of \$48,500,000 in 1956. The corporation reported that the decline of domestic sales volume was largely due to (1) a sharp decline in dollar sales by the Western Brass division caused by the drop in world prices for copper and zinc; (2) the elimination of approximately \$5,000,000 in sales of the Lentheric division, which the corporation sold in late 1956; (3) lower sales volume in the Explosives and Forest Products divisions; and (4) sharply re-

division, which the corporation sold in late 1995; (3) lower sales volume in the Explosives and Forest Products divisions; and (4) sharply reduced sales from the Morgantown, W. Va., nitrogen and coke plant.

These declines were largely offset by sales increases in some divisions and a substantial sales increase by the corporation's E. R. Squibb & Sons division, the report noted.—V. 187, p. 1316.

Oxford Paper Co.-Proposed Acquisition-

Oxford Paper Co.—Proposed Acquisition—
Dr. Melville B. Grosvenor, President of the National Geographic Society, and William H. Chisholm, President of the Oxford Paper Co., announced on April 1 that a contract has been signed whereby Oxford Paper Co. will purchase all the outstanding capital stock of National Geographic's wholly-owned subsidiary, Champion-International Co. The closing date for this transaction is June 4, 1958.

At the same time, it was announced that Oxford has entered into a long-term contract to supply the paper requirements for the National Geographic Magazine.

The Champion-International Co., located in Lawrence, Mass., has for many years been a producer of high quality coated printing papers. The National Geographic Society was founded in 1883 and has grown to a membership of over 2,200,000. In 1946, The Society acquired the Champion-International Co., which has been supplying its paper needs since 1913.—V. 187, p. 1316.

This company filed a registration statement with the SEC on March 31, 1958, covering \$375,000 of 20-year 7% debentures due 1978 and 45,000 shares of \$1 par common stock. The company proposes to offer these securities in 15,000 units, each consisting of \$25 of debentures and three common shares. The units are to be offered for sale at \$37.75 per unit (of which \$12.75 is attributed to the stock), with a commission of \$3.58 per unit to the underwriters, headed by Scott, Horner & Co.

Horner & Co.

Horner & Co.

The company is a successor by merger, effective Jan. 31, 1958, to the business of Consolidated Utilities Corp. and its two wholly-owned subsidiaries, Peoples Gas Co. and Sumter Gas & Power Co.

The purpose of this financing is to provide funds to enable the company to convert its existing gas distribution systems in Florence, Darlington and Sumter to natural gas and to construct a new distribution system for the supply of natural gas in Hartsville, S. C.

Of the anticipated net proceeds of \$1,062,650 of the financing, the company expects to repay \$35,500 of 5% notes and \$33,500 of 5% mortgage bonds. Of the \$943,650 balance, \$95,625 will be placed in escrow to cover interest for 18 months on the bonds and 1978 debentures; and the remaining \$848,025 will be used for construction and conversion. The principal item of expenditure, estimated at \$472,000, will be for new mains and services in anticipation of new business (including the Hartsville system).

Petroleum Corp. of America—Asset Value Higher—

This corporation announced on April 2 that the net asset value of its common stock at March 31, 1958, is estimated at \$16.60 per share. At Dec. 31, 1957, net asset value amounted to \$15.74 per share.—V. 185, p. 1640.

Phoenix-Rheinrohr A. G., Duesseldorf, Germany—Sales Show Gain of 16.2% for Year—

Sales for the fiscal year 1956-57 amounted to \$387,857,143 (DM 1,-629,000,000), an increase of approximately \$54,000,000 (DM 227,000,000) or 16.2% above the \$333,800,000 for the year to Sept. 30, 1956.

Net profit to be distributed as eash dividend to shareholders amounts to \$4,425,000 (DM 18,630,000), the same as the year before (\$3,450,000 during the fiscal year 1954-55). The stockholders' meeting, held in Duesseldorf, approved the proposal of the board of directors of Phoenix-Rheinrohr A.G. to distribute this net profit as cash dividend, which amounts per par share of DM 100 to \$2.14 or 9%, same as in 1955-56; (1954-55, 7% or \$1.67 per share). There are 2,070,000 shares of common stock outstanding. mon stock outstanding

Since Aug. 1, 1951, Phoenix-Rheinrohr A.G. invested \$184,047,619 (DM 773,000,000) in new plants and equipment and for the next two years new investments of \$98,809,523 (DM 415,000,000) are foreseen by the company.—V. 185, p. 1047.

Pitney-Bowes, Inc.-Gross and Net Higher-

Sales reached a new high in 1957, and earnings were about level with 1956, Walter H. Wheeler, Jr., President, recently announced. Gross income was \$45,906,583, up 5½% from \$43,548,165 in 1956; and profits were \$4,137,147, compared with \$4,109,219 the previous year.

Net profit amounted to \$3.07 per share, compared with \$3.08 per share the previous year, after adjusting 1956 to include the 2% stock

dividend paid last March. Pretax earnings were \$8,577,147, compared with \$8,639,219 in 1956.

The directors in February voted employees a profit-sharing declaration of 25% of operating profits for the fourth quarter of 1957. The total was \$781,348, of which \$406,612 was paid into the employees' retirement income plan. The balance of \$374,736 was distributed on March 12 as a quarterly wage-and-salary dividend, bringing the year's total wage-and-salary dividends to \$1,223,553, equal to 6.3% of base pay for most employees. This compares with 7.8% in 1956.

The 1957 annual report was mailed to the company's 7,900 stock-holders and 4,100 employees on March 13 and the annual meeting of stockholders will be held on April 2.—V. 186, p. 2579.

Pittsburgh Consolidation Coal Co.—Earnings Higher— In its annual report to shareholders, this company reported 1957 net income from operations of \$26,673,000 or \$2.90 per share, compared with \$21,972,000 or \$2.39 per share in 1956. Credits from disposal of mine properties in 1956 amounted to \$15,474,000.

The 21% gain in earnings was attributed by Chairman George H. Love and President A. R. Matthews to the effects of the company's capital improvement program and more efficient operation of its modern mining equipment, as well as to the excellent labor relations within

the industry. Capital expenditures in 1957 amounted to \$39.627,000, compared with the record outlay of \$42,388,000 during 1956. Partly as a result of the heavy capital expenditures, working capital decreased from \$108 million to \$93,000,000. Authorized capital commitments at year-end amounted to \$24,000,000.

Involved in the expansion program has been the development of three major new mines. Humphrey Mine on the Monongahela River near Morgantown, W. Va., has been completed and is equipped to produce up to 20,000 tons per day, principally metallurgical coal. The new Loveridge Mine near Fairview in northern West Virginia will produce steam coal for general markets with an initial capacity of 1,500,000 tons; its preparation plant should be ready in the second quarter.

The Ireland Mine on the Ohio River at Cresap, W. Va., will supply the fuel needs of the Kammer Station of American Gas & Electric Co. The first of three original 225,000-kw. units of the power plant will go on the line this Spring. When all three are in operation, Ireland will produce 1,800,000 tons annually, and additional capacity can be readily

Pitt-Consol Chemical Co., a subsidiary, operated its new cresylic acid plant successfully, although it is affected by the current business decline. Mountaineer Carbon Co., jointly owned with Standard Oil Co. (Ohio), began operating its coke calcining plant at Cresap this year. The company's coal pipeline in Ohio is nearing commercial operation as difficulties at the terminals are being solved.

George M. Humphrey, after nearly five years as Secretary of the Treasury, is again on the board of directors and executive committee of the company.

The company produced 39.800,000 tons from its own and supervised mines, compared with 40,800,000 in 1956. Coal consumption began to decline in the fourth quarter as demand for metallurgical coal fell off rather sharply.—V. 187, p. 990.

Plough, Inc.—Sales and Earnings Continue Rise—

Net profits for 1957 reached a record \$2,024,679, up from \$1,204,267

the prior year, an increase of 68%. Per share earnings were \$1.66, as compared to \$1.05 in 1956 and 81 cents in 1955.

Sales rose by 20% to \$29,473,214 and pre-tax profit margins were 13.6%, up from 9.5% the preceding year. Working capital increased by over a million dollars, and total assets reached a new high of \$16,556,562.

Figures for 1957 include Coppertone, acquired during the year, and per share earnings for 1957 have been computed on the increased number of shares resulting from the Coppertone merger.

Approximately one-half of the increase in sales for 1957 was due to

the company's acquisition program, and the balance resulted from growing consumer acceptance of other Plough brand-name products. The company has made seven acquisitions in the past two years, and additional merger possibilities are currently being considered.

Operations in the first quarter of 1958, the company's 50th year, are well ahead of the comparable 1957 period, the announcement concluded.

Policy Advancing Corp., Binghamton, N. Y. - Files With Securities and Exchange Commission-

The corporation on March 25 filed a letter of notification with the SEC covering 30,250 chares of common stock (par \$5) to be offered for subscription by common stockholders at \$8 per share on the basis of one new share for each share held; unsubscribed shares to be offered to debenfure holders and to others. No underwriting is involved. The proceeds will be used for working capital.—V. 185, p. 346.

Polymer Corp., Reading, Pa.—Acquisition—

Polymer Corp., Reading, Pa.—Acquisition—
This corporation on April 1 announced the purchase of the entire outstanding capital stock of Halex Corp., Detroit, Mich., which has been active for a number of years in the development of pressed and sintered parts made from Nylasint, specially processed nylon powders developed by The Polymer Corp. The latter owns patents which cover the processing and pressing and sintering of nylon powders.

Louis L. Stott, President, in announcing the purchase of Halex Corp. through an exchange of stock plus cash, stated that Halex will operate with its present management as a division of The Polymer Corp. He also stated it was probable that the operations of Halex would be expanded to include fabrication of other new products recently developed in Polymer's laboratories.

The Polymer Corp. is one of the leading producers in the United States of "Polypenco" nylon and Teflon semi-finished shapes and other industrial plastics.—V. 186, p. 1317.

Potomac Electric Power Co .- To Offer Debentures-

The directors on March 27 took preliminary action looking toward the issuance and sale of \$19,700,000 principal amount of unsecured debentures convertible into common stock, to be offered to the holders of outstanding common stock by means of transferable subscription warrants. The net proceeds from the sale of the debentures will be used to meet a portion of the expenses of the company's 1958 construction program. tion program

According to R. Roy Dunn, President, it is presently contemplated that the record date for determining the stockholders entitled to subscribe with the April 22, 1958, and that any unsubscribed debentures will be sold to underwriters.

The rights to subscribe will be issued on the basis of one right for each share of common stock held on the record date, with 30 rights, plus payment of the subscription price, being required to subscribe to \$100 principal amount of the debentures.

The subscription price, conversion price, and various other details of the proposed offering are to be determined and announced at a later date.—V. 187, p. 990.

Roxbury Carpet Co.—Sells Seven Buildings—

The company on March 31 completed the transfer of title papers to complete the sale effective April 1, 1953 of seven buildings and 218,060 square feet of land to four commercial firms in Worcester, Mass., according to an announcement made by Robert G. Pease, Mass., according to an announcement made by Robert G. Pease, Mass., according to an announcement made by Robert G. Pease, Mass., according to an announcement made by Robert G. Pease, Mass., according to the disposal of the property for Roxbury.

The Worcester Knitting Co., which makes knitted fabrics, and has been in business in Worcester since 1918, purchased two buildings—the four-story former Whittall Administration Building, and the one-story wash house, representing 100,060 square feet of working space. They also purchased a parking 100,060 square feet of working space, and 50,000 square feet of land on which the building stands. According to Abraham Persky, President and Treasurer of Worcester Knitting Co., the plans for moving in are not yet fully determined, but when they do, they will employ about 250-300 people. The company presently operates in a plant in another part of town.

Food Speciaties, Inc., manufacturers of ready-mixed pizza pies, established in 1952, purchased a live-story building, with 50,000 square feet of working space and 51,000 square feet of property. The building was formerly Whittall's storage warehouse. According to Robert D. Price, President of Food Specialites, Inc., the company will move in from a small plant by August and will employ about 60 people.

Samuel Glick, President of Glick Waste Co., and Simon Rasnick, President of S. Easnick Co., both wool waste converters, teamed up to purchase four buildings with a total of 115,000 square feet of working space and total land footage of 100,000 square feet.

The Glick Waste Co. will occupy a former Whittall weave mill, with 33,000 square feet of working space, and a fourth with 12,000 square feet of working space, and a fourth with 1

12,000 square feet of working space. They expect to lease these two buildings to others.

At the same time Mr. Pease announced that Roxbury had just about completed an improvement program at the famed Whittail Mills on Southbridge Street, acquired by Roxbury in 1956. The total expendities at Whittail made during the past year amounted to \$1,035,000, which was spent as follows:

Construction of a new manufacturing building which provides 143,000 square feet on the first floor for manufacturing: 108,000 square feet.

construction of a new manufacturing standing which provides 12,500 square feet on the first floor for manufacturing; 108,000 square feet on various levels for storage; estimated cost—8750,000. New machinery was purchase at a nestimated cost of \$265,600, which included three 15-foot wilton looms, one 6-foot witton loom, one 15-foet carpet dryer, one 15-foot carpet shear and miscellaneous complimentary equipment.

Frank C. Russell, President, on March 28 announced the approval of the acquisition of the Vun Russ Co., Inc., Hisleah, Fla., manufacturers of aluminum Jalousies and Awning-Type windows and allied products. The Vun Russ Co. was organized some years ago by Samuel H. Vuncamon, who was formerly an officer of the Miami Window Corp., and who has had broad experience in this field.

Its volume of sales for the year ending Dec. 31, 1957, was \$2,400,000 with earnings, after taxes, in excess of \$25,000. Forecasts for the calendar year 1958, indicate sales of \$3,600,000 to \$5,000,000, with profit forecast ranging from \$200,000 to \$800,000 before taxes. Mr. Russell advised that the Van Russ Co. had been handicapped by lack of working capital which will now be available for sales expansion.

The Vun Russ Co. will operate as an independent, totally owned, subsidiary and will manufacture for the Rusco Division of The F. C. Russell Co., Jalousies and Awning-Type windows in their modern, streamlined plant in Hialeah, Fla.

The F. C. Russell Co. will supply the Vun Russ Co. with its extrusion requirements, which is estimated to be in the neighborhood of 3,000,000 pounds for the ensuing year. If the forecasts are realized, this could enhance the net earnings of the parent company as much as \$500,000 after taxes.

Mr. Russell further advised that the directors approved a program of

Mr. Russell further advised that the directors approved a program of expansion of its aluminum manufacturing facilities which involve a new plant, located in the South. When complete, it would give a total extrusion capacity of over 14,000,000 pounds annually. It is the com-

pany's intention to greatly expand its activity and products in the aluminum field of not only windows and doors, but other aluminum products, in order to get greater diversification.

The company's move to Columbiana, Ohio, has now been completed.

Ryan Aeronautical Co.—Sales and Profits Higher—

Net carnings for the first quarter of the 1958 fiscal year totaled \$510,146, an increase of 72% over the \$296,656 earned in the same three months of the prior year. "T. Claude Ryan, President, reported. Profit per share for the quarter was \$1.14 on the 448,760 net shares outstanding. For the comparable period last year, per share profit was 79 cents on the shares then outstanding and 66 cents when adjusted for the 20% increase in shares resulting from a stock dividend paid at the end of the 1957 fiscal year.

"A significant development of the first quarter of this year."

Mr. Ryan said, "was the improvement in the ratio of net profits to sales volume.

sales ve "Sales and other income for the three months ended Jan. 31, 1958, were \$13,033,949, and for the same period of 1957 totaled \$12,220,314. Sales volume during the balance of the fiscal year should be at an increasing rate with the total for the full year expected to be about the same as-for fiscal 1957, when business volume exceeded \$75,-

The speckholders' equity increased during the quarter by \$465,270 to \$13,657,516, the equivalent of \$29.10 per net outstanding share.

This compares with a per share book value of \$28.06 on Oct. 31, the close of the 1957 fiscal year, and with \$24.97 a year earlier, on Jan. 31, 1957.

Jan. 31, 1957.

Bank loans at this time are down \$4,000,000 since the end of the fiscal year to \$19,000,000, Mr. Ryan said.—V. 186, p. 1308.

Sabena Belgian World Airlines - Completes Unusual DC-7 Financing-

Marking the completion of an unusual method of aircraft financing, a new Douglas DC-7C was delivered about a week ago to this company. The glant airliner is the last of three DC-7C's financed for Sabena by Ialco-Bel; Inc., a recently formed American aircraft leasing company. This is the first time that a foreign airline has acquired new aircraft in the United States by lease rather than purchase.

The three planes were purchased by Ialco from Douglas Aircraft Co., Inc., at a cost of \$7,200,000. Under terms of its agreement with the Eelgian airline the planes have been leased to Sabena for a period of five years, with extension to seven years possible under certain conditions.

conditions.

According to Dilion, Read & Co, Inc., financial advisors to Ialco, the financing of the three planes was arranged entirely on the basis of the lease to Sabena, without any guarantee of rental payments by the Lelgian Government. On previous occasions Sabena has financed equipment purchases in this country by government-supported bank loans. Ialco-Bel, Inc., of Wilmington, Del., was incorporated in 1956. Chairman of the board is Per A. Norlin, a member of the executive committee of International Air Transportation Association and a director and former President of Saundinavian Airlines System. Founded in 1922, Sabena is a major international airline. Its operations extend over four continents, with scheduled service through 104 cities in 37 countries. In addition to its international routes it also operates an extensive network of air routes within the Belgian Congo. The three aircraft leased from Inlco brings the number of active planes in Søbena's fleet to 77, including 10 DC-7C's and eight helicopters. Søbena also has five Boeing 707 intercontinental jets on order for 1959 and 1960 delivery. for 1959 and 1960 delivery.

Strategic Minerals Corp. of America-Files Financing

Proposal With SEC-

This corporation filed a registration statement with the SEC on Lincol 31, 1958, covering \$2,000,000 of first lien mortgage 6% bonds

end 975,000 shares of common stock. It is proposed to offer the bonds for public sale at 96% of principal amount and the stock at \$3 per share. The principal underwriter is Southwest Snares, Inc., of Austin, Texas; and the underwriting commission is to be 5% on

the bonds and 60 cents per share on the stock.

The company was organized in April, 1955. It acquired all the mineral leases and properties of Mena Mining Corp. of Mena. Ark., in exchange for 3,333,333 shares of its common stock. Included with mineral leases and properties of Mena Mining Corp. of Mena, Ark, in exchange for 3,333,333 shares of its common stock. Included with the mineral properties so acquired was an option to purchase the Bruce Williams Process for the beneficiation of low-grade ores for a consideration subsequently fixed at \$35,000 cash and \$350,000 common shares. Calvin C. Huffman, President of Strategic Minerals, and three other individuals were chief stockholders of Mena, Mining and the principal stockholders of Strategic Minerals. Other shares acquired by the first stockholders of the latter were paid in cash, to comply with contractual obligations with the Federal Government, for the patenting of the Bruce Williams Process in 18 foreign countries, for the purchase of additional properties, and for continued research costs in the perfection of the process.

The business of the company generally is to purchase or otherwise acquire, produce, own, use, sell or otherwise dispose of, manufacture, reduce, refine, prepare, etc., etc., and otherwise deal in and with petroleum, gas, gasoline, asphaltum, and other products and by-products thereof, and any and all other metals, ores, minerals, etc.

The purpose of the present financing is to erect and operate one or more chemical processing plants using the Bruce Williams Process to beneficiate manganese ores. The first plant is to be constructed in New Mexico.

At Nov. 30, 1957, the company had outstanding 2,708,333 common shares. Of the 3,333,333 shares originally sold to Mena Mining for its assets, 975,000 have been returned by the latter to Strategic Minerals for cancellation for the purposes of the current public offering. Of the outstanding stock, Mena Mining owns 978,859 shares; Management Consultants Corp. of Denver, 222,917; Huffman, 170,469; Philip Q. Dudney, of Dallas, 222,917; Malcolm E. Todd Shipyards Corp.—Changes in Personnel—
The election of John T. Gilbride as President and John D. Reilly, Jr. and Harry G. Hill as Executive Vice-Presidents of this corporation, was announced on March 31 by John D. Reilly, Chairman, after a meeting of the board of directors. Mr. Gilbride succeeds the late Joseph Haag, Jr. who died March 10. Other appointments included Russell W. Bowes as Vice-President of the company's products and industrial divisions and Clifford A. Sheldrake as Vice-President of finance and comotroller. Robert Freebairn a Vice-President in charge of shipyard sales was elected a director of the company.

Mr. Gilbride has been a director of Todd Shipyards since 1951. Most recently he has been serving as General Manager at the Los Angeles Division.—V. 182, p. 515.

Tracerlab, Inc.—Moves Into Black-

Samuel S. Auchincloss. President, announced on March 21 that the company's losses have been cut back steadily during the Ess six months of 1957 so that the month of February, 1958, saw the company once again in the black. Sales for 1957 totaled \$12,060,708; net loss for the year was \$1,398,630.

Mr. Auchincloss pointed out that almost \$1,000,000 of the 1957 loss was in the few of new recurring evenes items such as moving even

was in the form of non-recurring expense items such as moving expenses related to the consolidation of the company's Boston operations in its new plant at Waltham, Mass; carrying charges of sales offices consolidated during the year; and write-downs of real-estate and other property, to name a few.—V. 186, p. 2094.

Trans Continental Industries, Inc.—Unit Gets Contract

Purchase of 50 new Clipper model tandem trailers from the Hiphway Trailer Co. of Edgerton, Wis., a subsidiary of Trans Continental, was announced on April 1 by Gregory G. Harney, General Manager of the New England Transportation Co., a subsidiary of the New York, New Harting RP.

The new trailers which will increase the current fleet of 212 by almost 25%, will be used by the common carrier tracking company for "piggy-back" transportation of general commodities throughout New England, New York and New Jersey. Delivery will be made during April.—V. 136, p. 2625.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show a decrease compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, April 5, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 1.6% below those of the corresponding week last year. Our preliminary totals stand at \$22,497,636,524 against \$22,852,846,878 for the same week in 1957. At this center there is a gain for the week ending Friday of 4.9%. Our comparative summary for the week follows:

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week-the week ended March 29. For that week there was a decrease of 0.4%, the aggregate clearings for the whole country having amounted to \$22,428,604,330 against \$22,518,349,245 in the same week in 1957. Outside of this city there was a loss of 4.6%, the bank clearings at this center showing an increase of 3.5%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals show an improvement of 3.2% and in the Boston Reserve District of 4.7%, but in the Philadelphia Reserve District the totals record a decline of 23.4%. In the Cleveland Reserve District the totals are smaller by 15.6% and in the Atlanta Reserve District by 2.1%, but in the Richmond Reserve District the totals are larger by 0.2%. The Chicago Reserve District suffers a loss of 6.3, but the St. Louis Reserve District has to its credit a gain of 6.1% and in the Minneapolis Reserve District of 9.2%. In the Kansas City Reserve District the totals register an increase of 9.2%, in the Dallas Reserve District of 6.5% and in the San Francisco Reserve District of 2.9%.

In the following we furnish a summary by Federal Reserve Districts:

Trans-Cuba Oil Co., Havana, Cuba — Registers Proposed Stock Offering With SEC—

This company, on March 28 filed a registration statement with the SEC covering 6,000,000 shares of its 10c par common stock. The company proposes to offer this stock for subscription at 50c per share by holders of its outstanding shares of capital stock and holders of its bearer shares, in the ratio of one additional share for each share so held or represented by bearer shares. The offer is not underwritten. The record date for subscriptions will be supplied by amendment.

The proceeds of the sale of the shares will be added to the general funds of the company and be available for any of its corporate purposes. Including capital expenditures and expenditures for exploration activities. It is presently anticipated, according to the prospectus, that for the year 1958 capital expenditures and expenditures for exploration activities will aggregate \$200,000. The company was formed in 1954 to conduct exploration and development of the country's "strategic natural resources." The company previously sold 6,000,000 shares of common stock class A, 50c par, through a public offering in Cuba and received \$3,197,500 therefor. Since 1954 it has been in the process of earning a 50% working interest in approximately 15,417,676 acres held under concession rights by 24 Cuban companies under the management of Cuban-Venezuelan Oil Voting Trust, of which 40% are offshore. To earn this interest, the company was

required to expend the sum of \$3,000,000 in exploration and the payment of all taxes, fees and charges to maintain in good standing all the concession rights. In addition to its prior sale of stock, it obtained a \$1,000,000 loan from the Cuban National Development Commission, repayable together with interest only from production. As of Dec. 31, 1957, the company had expended the sum required to earn its 50% working interest and is awaiting official approval by the Voting Trust to this effect.

Transamerica Corp.—Reports Increased Profits—

This corporation during 1957 increased its earnings, sold its foreign subsidiary at a profit, and completed its reorganization-plan to comply with the Bank Holding Company Act of 1956, P. N. Belgrano, Jr., Chairman of the Board and President, stated in his annual report to stockholders.

The 1957 consolidated net income increased \$1,607.975 to a total of \$38,824,634, equivalent to \$3.41 a share on the 11,372,022 shares of the corporation outstanding throughout the year. In 1956, consolidated net income was \$37,216,659, equivalent to \$3.27 per share.

The net income was \$37,216,059, equivalent to \$3.21 per share.

The net income of Transamerica Corp., as a separate corporation, in 1957 was \$22,609,679; that amount was added to earned surplus from which, as in 1956, four quarterly cash dividends of 35 cents a share were distributed, with a special dividend of 20 cents a share being paid in December, 1957. A total of \$18,195,838 or 80% of the corporation's net income was disbursed as dividends. Mr. Belgrano reported that such income included \$17,514,091 in dividends from its various subsidiaries. This represents an increase of \$1,470,554 over 1956 income from this source, or 9%.

In September Transamerica sold its entire interest in Banca.

In September, Transamerica sold its entire interest in Banca d'America e d'Italia, its only foreign subsidiary, for \$11,556,972, booking a profit of \$2,446,173.

d'America e d'Italia, its only foreign subsidiary, for \$11,556,972, booking a profit of \$2,446,173.

The book net worth of Transamerica Corp. as shown by the capital and surplus accounts on its Dec. 31, 1957 balance sheet, totaled \$240,969,256, equal to \$21.19 a share, reflecting an increase of 85 cents a share for the year. Of this increase, 46 cents resulted from the return to earned surplus of the reserve previously carried against the corporation's investment in the Italian bank.

"As a means of complying with the Bank Holding Company Act of 1956," said Mr. Belgrano, "Transamerica Corp. proposes to separate its majority-owned banking interests from its other interests by transferring all of its directly held shares in these banks, plus \$20,-000,000 in cash to Firstamerica Corp., a new corporation organized under Delaware law. In exchange for these properties, Firstamerica Corporation will issue to Transamerica Corp. 11,372,022 shares of \$2 par value capital stock which will be the entire capital stock of Firstamerica then issued and outstanding. These shares will thereafter be distributed to the stockholders of Transamerica Corp so that each Transamerica stockholder will acquire one share of stock of Firstamerica for each share of Transamerica \$2 par value stock owned on the record date for the distribution. Transamerica's stockholders will not be required to surrender any of their present stock. Transamerica Corp., will remain listed on the New York and Pacific Coast Stock Exchanges.

"Thus Transamerica will cease to be a bank holding company, but will continue to own and manage its present non-banking subsidiaries, including Occidental Life Insurance Co. of California, the six fire and casualty insurance companies, two industrial companies, the two companies engaged respectively, in real estate development and property financing activities, and certain minor subsidiaries. Firstamerica Corp. will register as a bank holding company and will commence its independent business owning all of the stock now direc

by Transamerica in each of its 23 majority-owned banks and \$20,-000,000 in cash."
Subject to the approval of the plan by Transamerica's stockholders on April 24, the exchange of properties will become effective after the close of business, June 30, 1958.

Transamerica's board of directors has asked Mr. Belgrano to remain as the chief executive of Transamerica Corp. and Oscar Keller, now Senior Vice-President of the corporation, has been proposed as President of Firstamerica Corp.

Proposed Dividend Rate-

The dividend rates for this corporation and Firstamerica Corp., the bank holding company that would result from the proposed spin-off of Transamerica's directly-held shares in its majority-owned banks, are likely to amount to 80 cents yearly for each concern, Frank N. Balgrano, Jr., Chairman and President of Transamerica, said on March 26.

Mr. Balgrano noted that Transamerica has been paying \$1.40 dividends yearly plus "a Christmas dividend" that amounted to 20 cents in 1956 and 1957. "Being realists, we know that our stockholders look at the dividend as \$1.60 rather than \$1.40," Mr. Balgrano told a group of security analysts at Los Angeles, Calif. —V. 187, p. 1482.

Tri-Continental Corp.—Asset Value Increased—

The most recent estimate of assets per share of common stock of this corporation, was \$37.97 on shares outstanding and \$34.29, assuming the exercise of all warrants, Francis F. Randolph, Chairman and President, reported en March 25 at the annual meeting of stock-holders. These amounts were up from \$36.42 and \$32.32, respectively, at the start of 1958, according to Mr. Randolph. There were, he noted, 6,312,971 shares of common stock and 1,193,399 warrants outstanding on March 21, 1952. These compared with 6,721,220 shares of common stock and 1,265,660 warrants outstanding at Dec. 31, 1957.—V. 186, p. 2855.

United Aircraft Corp.—Air Force Contract—

The first quantity production of Hamilton Standard Synchrophasers for turbine engine propellers is being undertaken by the division's Electronics Department, it was announced on March 31.

The units will be installed on the Air Force's Lockheed C-130B "Her-ules" turboprop transports. This aircraft is to be equipped with Hamilton Standard 54H60 propellers.

The Synchrophaser reduces noise and vibration within aircraft cabins by maintaining electronic control over the angular relationship between the aircraft's propeller blades.

The Electronics Department of Hamilton Standard, located at Broad Brook, Conn., manufactures avionic controls and is engaged in the design and development of complete weapons systems.—V. 187, p. 1482.

United Artists Associated, Inc., "UAA" of New York— Registers Proposed Exchange Offer With SEC—

This corporation filed a registration statement with the SEC on March 21, 1958, covering \$15,000,000 of 6% subordinated sinking fund debentures, due 1963.

UAA proposes to offer the debentures and cash for capital stock and warrants of Associated Artists Productions Corp. ("AAP") and in exchange for outstanding AAP debentures. Under the first proposal, UAA, will offer to exchange \$6 principal amount of its dentures and \$6 in cash for each share of outstanding AAP capital stock; and to exchange \$24 of UAA debentures for each outstanding warrant to purchase capital stock of AAP accompanied by \$13 in cash. Alternatively, at the election of any holder of such shares or warrants, UAA proposes to purchase such shares or warrants and to pay therefor the value of such securities on the closing date, as determined by an independent appraiser, payment to be made in cash and UAA debentures.

Under the second proposal, UAA offers to acquire from the holders thereof the outstanding 6° subordinated convertible sinking fund debentures of AAP at a price per \$1,000 principal amount of AAP debentures, of \$1,296; \$648 in cash and \$648 in principal amount of UAA debentures. This is said to be the price which UAA would pay under the first proposal above for 108 shares of AAP capital stock. which is the number of shares into which each \$1,000 AAP debentures convertible

The purpose of the offer of UAA debentures and cash for the capital stock and warrants of AAP, according to the prospectus, is to enable UAA, upon acquiring sufficient shares, to purchase the assets and properties and the film television business of AAP. UAA believes that it will be advantageous to acquire these assets because of the financing and distributing assistance to be provided for it by United Artists Corporation and also because of the stepped-up basis of amortization and consequent tax savings which it is expected will accompany the transfer. The purpose of the offer of UAA debentures and cash for AAP debentures is to eliminate AAP's long-term debt upon terms believed to be favorable to the holders of such debentures and also to facilitate the financing necessary to accomplish UAA's plan to acquire the assets of AAP.

In the company's annual report to shareholders for 1957, its President, Arthur K. Atkinson, stated that operating revenues during 1957 established an all-time high for 'hat company, but that increased established an all-time high for 'het comp'ny, but that increased operating expenses because of inflationary pressures on wage levels and the cost of materials and supplies resulted in a lower net income. "Nevertheless," Mr. Atkinson said, "Wabash management will continue its efforts to improve the operational efficiency of the plant and the personnel, while seeking out every passenger and shipper who may need rail service in the heart of America."

He declared that Wabash results for 1958 are not expected to be as good as for 1857, but adheres to the opinion of many economists and statisticians that general business conditions will begin to pick up mid-year and that the long-term outlook is for sound growth.

After provisions for the usual dividend of \$4.50 a share on the preferred stock and for sinking fund requirements, the 1957 net income was equivalent to \$12.47 a share of common stock, compared with \$14.76 in 1956.

Westinghouse Electric Corp.—New Development—

Television-on-the-wall in the living room of tomorrow has moved a step closer to reality, according to an announcement by this corpora-

tion.

A new experimental television display screen—brighter than any previously reported and no thicker than a picture frame—was revealed on March 25.

Developed by scientists at the Westinghouse Research Laboratories in Pittsburgh, Pa., the new display screen represents an important step forward in efforts to replace the bulky, high-vaccum television picture tube with a flat, bright "solid state" display screen.

The new Westinghouse display, called an Elf screen, was described before a meeting of the Institute of Radio Engineers at the Coliseum by Dr. E. A. Sack, Manager of the dielectric devices section of the Westinghouse Research Laboratories.

The Elf screen gets its name from two words: electroluminescent and ferroelectric. The screen combines in a single stucture an electrolumi-

Wilson Jones Co.—Sales and Earnings Decline—

Net earnings after all charges and provisions for Pederal taxes, for the quarter ended Jan. 31, 1958, were \$2,000 as compared with \$110,000 for the same period a year ago, Benjamin Kulp, Chairman, and M. W. Borders, President, said in their report on March 11. Net sales for the three months ended Jan. 31, 1958, were \$4,040,000 as compared with \$4,369,000 for the same period last year.

"Profits for the quarter were adversely affected by the expense incident to the initial production of 'GrayLine' carbon interleaved business forms at Chicago," the report said. "The addition of the Chicago facilities for producing 'GrayLine' forms represents a large investment and accounts for most of the present bank loans. This new production capacity, added to the eastern installation at Elizabeth, N. J., which has been in operation about a year, equips Wilson Jones to serve stationers in the east and middle west with tabulating, Snap-A-Way and autographic register carbon interleaved business forms."—V. 187, p. 186.

> California (State of) State Treasurer Discusses Bond Financing Program-

A. Ronald Button, California State Treasurer, said on April 2 that California's sound economy and financial condition make the state's bonds an especially good buy this year.

Mr. Button is in New York for a round of meetings with investment executives in advance of a sale of \$100,000,000 in California general obligation bonds on April 23rd.

Of the bond sale proceeds, \$50,-000,000 will be used to finance City's fiscal agency in San Franstate loans and grants to local school districts for classroom construction, and an equal amount is for home and farm loans to veterans.

The veterans bonds, the Treasurer emphasized, are completely self-liquidating through monthly contract payments by the loan recipients. And, he said, about Manhattan Bank, of New York half of the debt service on the city. Legality approved by Chapschool bonds is met by repayments from the local districts.

THE COLUMBIA GAS SYSTEM, INC.

ONE OF WORLD'S LARGEST-New \$150 million steam-electric generating plant, being built on Alabama's Coosa River, 40 miles southeast of Birmingham by Southern Electric Generating Company, newly formed subsidiary of Alabama and Georgia Power Companies. Substantial economies will result from use of low cost fuel in this 1,000,000 kilowatt plant.

The Southern Company's **Annual Report Reflects** NEW STRIDES IN SOUTHERN PROGRESS

WHEREVER YOU LOOK in the great Southeast, there are new signs of progress. New developments in industrial expansion, in business activity, and in home building daily create new demands for electric power. It is the welcome responsibility of The Southern Company, through its operating affiliates, to supply electric power to meet these ever-increasing needs, and to plan ahead for the future ... to keep a step ahead of new strides in Southern progress.

Highlights of The Southern Company System's Operations in 1957

SALES OF ELECTRIC ENERGY were nearly 18 billion kilowatt-hours, up 11% from sales in 1956.

CUSTOMERS—More than 1,450,000 customers were served directly at the year end, an increase of 80,000, or 6%, during the year.

CONSTRUCTION EXPENDITURES amounted to \$125,000,000, largest amount in any year of the system's history.

OPERATING REVENUES of \$254,500,000 were about \$27,000,000 above those of the preceding year.

CONSOLIDATED NET INCOME of \$34,800,000 exceeded that for 1956 by about 16%. The earnings on shares outstanding at the end of the year amounted to \$1.65 per share, as compared to \$1.53 per share in 1956 on about 1,500,000 fewer shares outstanding at the end of that year.

DIVIDENDS of \$1.10 per share were paid during the year in four quarterly amounts of 271/2¢ each. Dividend payments in 1956 were \$1.00 per share.
